"\*" indicates required fields

<b>SELECT SIZE*</b>	<b>SELECT MATERIAL*</b>	<b>NUMBER OF COLORS*</b>	<b>Cut Options*</b>
<input type="text" value="24 x 30"/>	<input anti-spray"="" econo="" type="text" value="Black Poly - 1/4"/>	<input type="text" value="Please Select"/>	<input type="checkbox"/> 2" rounded bottom corners +\$1.40

\* Rounded corners are only available with poly mud flap options

<b>Quantity*</b>	<b>EST. PRICE PER FLAP*</b>	<b>EST. TOTAL PRICE*</b>
<input type="text"/>	\$13.30	\$1,330.00

\* The minimum quantity is 100 pieces, please enter 100 or more

## STEP 2 - DESIGN

Upload or create a logo within the tool by using standard letter text.

### Available Standard Colors:

### Available Metallic Colors:

**Imprint Colors**

**Do you want to upload Logo/Artwork?**

**Add Text 1 (up to 3 lines)**

**Add Text 2 (optional)**

**Add Text 3 (optional)**

**GRID** ☒ **MARGIN** ☒

## STEP 3 - REVIEW & SUBMIT

Fill out the required fields and our team will send you a final layout proof.

## ESTIMATED PRICING IS SHOWN

Actual sales price will be determined by your local distributor.

## WHAT HAPPENS NEXT?

After a form is submitted, it does not mean an order is placed. The form is simply to help customers see what a mud flap could look like along with estimated pricing. If a customer is interested in moving forward, we will connect them with a local distributor to finalize the sale. The customer submitting the layout will receive a confirmation email including a link to see and edit the layout at any time.

## ABOUT **VIKING MUD FLAPS**

Viking is an industry leader in mud flap production and distribution thanks to its established relationships with several original equipment manufacturers (OEMs) and aftermarket distribution customers.

Viking's manufacturing process is ISO-9001 certified. Under the High Bar Brands umbrella, the Viking brand has expanded marketing/sales support with an expansive distribution network throughout North America.

For over 50 years, Viking has provided custom mud flaps to the transportation industry, and those capabilities compliment the brand portfolio within High Bar Brands. Along with rubber mud flap solutions, Viking also sources raw polyethylene to manufacture industry-leading mud flaps with custom logos. The product offering includes rain-guard, anti-spray, and anti-sail technologies with in-house graphics support and customer service.
