389

10655000 (DROP KIT) SHOWN
WITH 10975512 ELITE KIT

**INSTALLATION
VIDEO TUTORIAL**

The Panelite Drop Kit is designed for model year 2018-2023 Peterbilt 389 long hood (131" BBC) models. This is a solid aluminum kit that replaces the OEM bracket and lowers the DPF step/cover on the passenger side of the truck 1.5" to allow for more room between the top step and the cab so that the stainless steel Elite Kit fits in the newly created gap, adding a unique style to the truck.

Item # 10008232

Customers should order Qty 1 of part # 10655000 (Drop Kit) to lower the DPF cover on the passenger side of the truck and Qty 1 of their preferred Elite Kit (6 options shown below) which will include the trim pieces required to upfit both the passenger side and driver side of the truck.
